Material Safety Data Sheet Product Name: Jojoba Oil

Section 1: Chemical Product and Company Identification

Composition: Jojoba Oil Percentage by Welph: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Non Available. [CARCINOGENE EFFECTS: Non available.] Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with penny of water for at least 15 minutes. Get medical attention if inreaded. Skin Contact: Wash with soap and water. Cover the irritated skin with a emollent. Get medical attention if irritation develops. Cold water may be used. Inhalation: It inhalad, remove to fresh air. Get medical attention if any symptoms appear. Section 5: Fire and Explosion Data Fish Peints: CLOSED CUP: 285°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non flammable in presence of shocks. Section 7: Anading and flammable in presence of shocks. Spark Effect Products of the Products Not Flammable in presence of spark Repet platful open flammable in presence of sparks Repet
Composition: Jojoba Dil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of wards and standards. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of wards and included. Skin contact. Wash with soap and water. Cover the irritated skin with an emollient, 6et medical attention if rintation develops. Cold water may be used. Inhalation: Irimhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by month to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 295°C Fire Hazards: Flammabile in presence of open flames and sparks, of heat. Non-flammabile in presence of shocks. FiRE: Use DRY chemical powder / Sant. LARGE FIRE: Use foam, Water spray or Fig. Plammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an intert dry material and place in an appropriate Waste Disposal Container. Section 7: Handling and Storage Prescautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well ventilated area. Away from heat & spark Keep lightly closed container. Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airbome concentrations of vapors below their respective threshold limit va
Composition: Jojoba Oil Percentage by Weight: 100% Section 3: Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalution. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalution. Potential Chronic Health Effects: Non Available. CARCINOGENEE FFECTS: Not Available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient of eth medical attention if rivitation develops. Cold water may be used. Inhalution: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 295°C Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 295°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use fram, Water spray or fice, Flammablity of the Product: Not Flammable Section 6: Accidental Release Measures Spilit: Dilute with Washing Soap & Water and Regular mop up, or absorb with an intert dry material and place in an appropriate Waste Disposal Container. Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest: Keep away From Eyes. Storage's on in a segregated and approved area. Neep container in a zool, well-ventilated area. Away from heat & spark Keep tightly closed container. Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of glanton. Ground all equipment containing material. Do not ingest: Keep away from Eyes. Storage's on in a segregated and approved area. Neep container in a zool, well-ventilated area. Awa
Composition: Jojoba OII Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non Available. CARCINOGENE (EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient of the medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover the irritated skin with an emollient of emollial contact. Wash with soap and water. Cover give anything by mouth on an unconsclosure person. Get medical attention if symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth on an unconsclosure person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 255°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FiRE: Use DRY chemical powder/ Sand. LARGE FIRE: Use foam, Water spray or fog. Flammability of the Product: Not Flammable Section 5: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Container. Section 7: Handling and Storage Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry materia
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Not Available. CARKINGSENCEFFECTs: Not Available. Potential Chronic Health Effects: Not Available. CARKINGSENCEFFECTs: Not Available. Section 4: Hazards identification Eye Contact: in case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if neded. Skin Contact: Wash with soap and water. Cover the riritated skin with an emollifier. Get medical attention if irritation develops. Cold water may be used. Inhalation: If inhalad, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting, Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fire Hazards: Flammable in presence of open flames and sparks of the medical attention if symptoms appear. Section 6: Accidental Release Measures Section 6: Accidental Release Measures Section 7: Handling and Storage Precautions: Keep away from Heat 8 from sources of ignition, Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Social Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airbome concentrations
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Neath Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Neath Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: in case of contact, immediately flush eyes with plenty of water for at least 35 minutes. Set medical attention if needed. Skin Contact: Wash with soap and water. Cover the intritated skin with an emoliticin. Get medical attention if irritation develops. Cold water may be used. Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NDT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Fish Points: CLOSED CUP: 285°C Fire Hazards: Filammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Section 8: Exposure Controls/Personal Protection Section 8: Exposure Controls/Personal Protection Fighiering Controls: Provide exhaust ventilation or other engineering controls to keep the airthore concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximation to the work-station location. Personal Protection: Splash goggles. Lab cost. Vapor respirator. Be sure to use an approved/certified respirator or equivalent gloves. Section 19: Tox
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Potential Chronic Health Effects: Not Available. Potential Chronic Healt
Composition: Jojoba Dil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Non Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: in case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emolliter. Get medical attention if irritation develops. Cold water may be used. Inhalation: If inhaled, remove to fresh air, Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting, Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 295'C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Files: Use DRV chemical power / Sand. LRAGE Files: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Section 8: Exposure Controls/Presonal Protection Section 8: Exposure Controls/Presonal Protection Foreign Controls: Provide exhaust ventilation and safety showers are proximal to the work-station location. Engineering Controls: Provide exhaust ventilation and safety showers are proximal to the work-station location. Personal Protections Splash gogges. Lib Cost. Vayor respirator veneral properties Personal Protections Splash gogges. Lib Cost. Vayor respirator, less sure to use an approved/certified respirat
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be used. Inhalation: If inhaled, remove to fresh air, Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Flash Points: CLOSED CUP: 295°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FiRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Container. Section 7: Handling and Storage Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container. Section 8: Exposure Controls/Personal Protection Personal Protection: Splash goggles. Lab coal. Vapor respirator. Be sure to use an approve/fcertified respirator or equivalent gloves. Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Spla
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops, Cold water may be used. Inhalation: If inhaled, remove to fresh air, Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Flash Points: CLOSED CUP: 295°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE; Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of lignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep Container in a cool, well-wentilated area. Away from heat & spark Keep lightly closed container. Section 7: Handling and Storage Presonal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/foretified respirator or equivalent gloves. Section 8: Exposure Controls/Personal Protection Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an
Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Acute Health Effects: Non Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emolilent. Cet medical attention if irritation develops. Cold water may be used. Inhalation: If inhaled, remove to fresh air, cet medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Section 5: Fire and Explosion Data Section 5: Fire and Explosion Data Filash Points: CLOSED CUP: 295°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. Fiffic Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 7: Handling and Storage Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep tightly closed container. Section 8: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Composition: Jojoba Oil Percentage by Weight: 100% Section 3:Hazards Identification Potential Acute Health Effects: Non hazardous in case of skin contact, irritant in case of eye contact (irritant) of ingestion, of inhalation. Potential Chronic Health Effects: Not Available. CARCINOGENIC EFFECTS: Not available. Section 4: Hazards Identification Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if needed. Skin Contact: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be used. Inhalation: If inhaled, remove to fresh air. Get medical attention if any symptoms appear. Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear. Flash Points: CLOSED CUP: 295°C Fire Hazards: Flammable in presence of open flames and sparks, of heat. Non-flammable in presence of shocks. FIRE: Use DRY chemical powder / Sand. LARGE FIRE: Use foam, Water spray or Fog. Flammability of the Product: Not Flammable Section 6: Accidental Release Measures Spill: Dilute with Washing Soap & Water and Regular mop up, or absorb with an inert dry material and place in an appropriate Waste Disposal Container. Section 7: Handling and Storage Precautions: Keep away from Heat & from sources of ignition. Ground all equipment containing material. Do not ingest. Keep Away From Eyes. Storage: Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Away from heat & spark Keep Highly closed container. Section 9: Exposure Controls/Personal Protection Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location. Personal Protection: Splash goggles. Lab coat. Vapor respirator. Be sure to use an
